*Al Capone*, nicknamed "scarface" during prohibition, was the co-founder and boss of the Chicago outfit. His seven-year reign as a crime boss ended when he was sent to prison at 33.

*"Machine Gun"* the original Kelly hailed from Memphis Tennessee. Along with his wife they planned to kidnap an oil man. Kelly really focused on robbing banks as his main modus operandi.

*Ma Barker* was no shrinking violet... she ran the Barker-Karpis gang and traveled with her sons terrorizing the Midwest with kidnappings, murders, and bank robberies.

*Bonnie & Clyde* were famous for bank robberies but this duo actually preferred to rob small stores and rural funeral homes and they are also equally famous for taking 130 rounds of ammo at the time of their deaths.

This new sauce,  
simply put,

is *"Bootlegger."*
